Highlights:

- “A Framework for Cybersecurity” discusses the cyber threat landscape and how financial institutions’ information security programs can be enhanced to address evolving cybersecurity risks. The article also provides an overview of actions taken by the Federal Deposit Insurance Corporation individually and with other regulators in response to the increase in cyber threats.
- “Marketplace Lending” provides an overview of the marketplace lending model. The article offers resources for bank boards of directors and management to consider when engaging in marketplace lending activity.
- “Lending Viewpoint: Results from the FDIC’s Credit and Consumer Products/Services Survey” describes recent lending conditions and risks as reported through the survey at the conclusion of risk- management examinations.
- “Regulatory and Supervisory Roundup” provides an overview of recently released regulations and supervisory guidance.
